

Winfield now has its own veterans memorial thanks to a budding idea about a year ago from Winfield residents Jim Stepanek and Louie Miotto, that blossomed into reality Sunday because of their drive and dedication and many volunteer efforts. The site of the 14 ft. long memorial that honors Americans who died in our four wars was Gazebo Park and the park was packed for the ceremony as it has never been before. The dedication of the memorial included the raising of the colors, singing of the National Anthem, speeches, wreath laying and taps and the posting of the guard. The stirring event was one that residents who attended, will never forget.

Winfield Estate, September 12, 1990.
